

OAARS Happy Hour Net Preamble

Good evening and welcome to the OAARS Happy Hour Net.

My Name is _____ and my call is _____ and I am located in _____.

I will be your net control operator this evening. The purpose of this net is to promote amateur radio activities in the area. All amateurs are invited to check-in.

This is a directed net and all emergency or priority traffic will be handled immediately by net control.

Please keep your comments short and concise, and please observe proper amateur radio etiquette.

Let the repeater drop and then take check-ins from any mobile stations.

After you have the mobiles then take your regular check-ins.

Try to take check-ins at least after every four station.

When ready to close the net, please read the following statement.

As I close the net, I wish to thank the owners of the repeater for use of the machine. Thanks to everyone who checked in, and have a safe weekend. I now return the repeater back to normal amateur use.

7-3 to all, This is (call sign).
